

### **Requirements to upgrade from provisional to full ANZICA membership**

Applicants are required to demonstrate that they have had 200 client contact hours in the area of fertility counselling over a minimum of 6 months.

They must also have had a minimum of 10 hours supervision with a full ANZICA member.

It is also recommended that they attend professional development such as the START course offered by the FSA NZ and other activities such as ANZICA webinars, training days and state meetings.

When requirements are complete, the applicant needs to email a log of client contact hours, signed document from ANZICA supervisor and list of relevant professional development to the membership secretary and request upgrade of membership from provisional to full membership.

Only full ANZICA members are able to have their details on the private practitioners list on the ANZICA website.
